The Benefits of Bike Lanes and Bike Boulevards

What are the relative merits of bike lanes and bike boulevards? For various roadway conditions, which treatment provides a superior accommodation? What are the design details necessary for high-quality bike lanes and bike boulevards? Jason Patton, Bicycle & Pedestrian Program Manager for the City of Oakland, will address these questions using examples from Oakland's portion of the Bay Trail.

2:40 – 3:10 pm

Adapting to Rising Tides and the Bay Trail*

BCDC and NOAA are leading the Adapting to Rising Tides (ART) initiative, an effort to bring agencies and organizations together to increase preparedness and resilience to sea level rise and storm events. The ART sub-region is in Alameda County between Emeryville and Union City. Maggie Wenger, NOAA Coastal Management Fellow with BCDC, will provide an overview of the ART project with specific emphasis on the Bay Trail.
