Subject: **Revision to Plan Bay Area Schedule**

Summary

The *Public Participation Plan* for Plan Bay Area that was approved by MTC in February 2015 included a schedule of key milestones leading to completion of the plan update. The purpose of this memo is to describe changes to the timing of some of the key milestones. These changes are being made to allow for additional detail and analysis to be incorporated into the three transportation and land use scenarios that represent alternative Bay Area futures based on distinct land use development patterns and transportation investment strategies. The schedule changes also ensure that policy makers, stakeholders, and members of the public will have sufficient time and opportunity to review and provide input into these scenarios.

Of particular interest to Executive Board members, the release of the defined land use and transportation scenarios has been moved from March 2016 to May 2016. Public workshops on these scenarios are proposed to be held in May/June 2016. Adoption of the preferred scenario is tentatively scheduled for September 2016 rather than June 2016.

The full list of changes to key milestones is below:
