3. **Continue to provide a collaborative** forum for finding integrated housing and transportation solutions. Ensure that these are done in a balanced and fair manner that uses incentives not mandates.

2. **Provide better communication/marketing** of ABAG services and benefits to specific to local jurisdiction past and present. Need countywide meeting with delegates, one on one mtgs and for all new council members. Keep staff organized geographically, continuing relationships on the ground and understanding nuances.
3. **Do not want ABAG to get consumed by MTC** – continue ABAG services that bring value to individual cities, identifying and sharing best practices , toolbox of scalable solutions, and representing the voice of individual cities. Can the merger help bring more **COMPREHENSIVE SERVICES TO CITIES?**
