Dear ABAG Board Members (Via Fred Castro),

I retired from ABAG in December of 2008. My husband retired from his job in December of 2009. After deciding how to stretch our retirement dollars, we moved out of state to Nevada. I sincerely hope that MTC and ABAG can come to a mutual agreement that doesn't have a devastating impact on the livelihood of employees and retirees. I am counting on every penny I get from CalPers. Also, medical insurance is a must. No way could we afford that, if our pensions were cut.

Please consider all factors in your decision making.

Thank you,

Karen Lewis (KYLEWIS07@YAHOO.COM)
