Plan Bay Area 2050+: Scope and Schedule

ABAG Executive Board

September 21, 2023 — Chirag Rabari

Plan Bay Area 2050: Refresher

- Adopted in October 2021, Plan Bay Area 2050 represents the **most comprehensive regional vision to date**, leveraging deep community engagement and a strong commitment to equity when planning for an uncertain future.
- This long-range plan responded to clear direction from policy leaders to be **“bold and unflinching”** in identifying what it would take to address many of the region’s thorniest policy challenges.
- Since adoption, ABAG and MTC have been singularly focused on **advancing plan implementation to achieve regional outcomes.**

Plan Bay Area 2050+ and Transit 2050+

- Federal and state law require that the plan be **updated every four years**, with the next statutory deadline in **fall 2025**
- In December 2022, staff proposed advancing two long-range planning efforts in parallel:
 - *Plan Bay Area 2050+*: A **limited and focused update** to the solid foundation of Plan Bay Area 2050, with no required Regional Housing Needs Allocation (RHNA) process
 - *Transit 2050+*: A **service-oriented, fiscally-constrained transit network plan** for the nine-county Bay Area
- Plan Bay Area 2050 envisioned a robust, connected transit network, but the rapid change in commute patterns and reduction in anticipated revenue requires a comprehensive update via Transit 2050+

Plan Bay Area 2050+:
