

SUMMARY MINUTES

ABAG Administrative Committee Special Meeting
Friday, February 13, 2015
Lawrence D. Dahms Auditorium
Joseph P. Bort MetroCenter
101 8th Street, Oakland, California

1. CALL TO ORDER AND CONFIRM QUORUM

Committee Chair Julie Pierce, Councilmember, City of Clayton, called the special meeting of the Administrative Committee of the Association of Bay Area Governments to order at about 9:30 a.m.

The Committee met jointly with the Planning Committee of the Metropolitan Transportation Commission.

A quorum of the Committee was present.

Members Present

Councilmember Julie Pierce, City of Clayton
Supervisor Dave Cortese, County of Santa Clara
Mayor Pro Tem Pat Eklund, City of Novato
Councilmember Pradeep Gupta, City of South San Francisco
Supervisor Scott Haggerty, County of Alameda
Mayor Bill Harrison, City of Fremont
Supervisor Eric Mar, City and County of San Francisco
Supervisor James Spering, County of Solano
Supervisor David Rabbitt, County of Sonoma

Members Absent

Supervisor Mark Luce, County of Napa
Supervisor Dave Pine, County of San Mateo (Alternate)

Staff Present

Ezra Rapport, ABAG Executive Director
Brad Paul, ABAG Deputy Executive Director
Miriam Chion, ABAG Planning and Research Director
Mark Shorett, ABAG Regional Planner

MTC Planning Committee Members Present

Commissioners Aguirre, Azumbrado, Giacomini, Haggerty, Halsted, Liccardo, Mackenzie and Pierce. Commission Chair Rein-Worth and Vice-Chair Cortese were present in their ex-officio voting member capacity. Commissioner Bates, Campos, and Wiener were present as ad hoc non-voting members of the Committee.

2. PLEDGE OF ALLEGIANCE

Chairs Pierce and Spering led the Committee members and public in the Pledge of Allegiance.

3. COMPENSATION ANNOUNCEMENT

Fred Castro, ABAG Clerk of the Board, made the Compensation Announcement.

4. CONSENT CALENDAR

A. Approval of MTC Planning Committee Summary Minutes of January 9, 2015

MTC Planning Committee ACTION

MTC Committee approved the MTC Planning Committee summary minutes of January 9, 2015.

B. ABAG Administrative Committee Consent Calendar

ABAG Administrative Committee ACTION

President Pierce recognized a motion by Pat Eklund, Mayor Pro Tem, City of Novato, which was seconded by Scott Haggerty, Supervisor, County of Alameda, to approve the ABAG Administrative Committee Consent Calendar.

There was no discussion.

The aye votes were: Cortese, Eklund, Gupta, Haggerty, Mar, Pierce, Rabbitt, Spring.

The nay votes were: None.

Abstentions were: None.

Absent were: Harrison, Luce, Pine (Alternate).

The motion passed unanimously.

- i. Approval of ABAG Administrative Committee Summary Minutes of November 14, 2014**
- ii. Approval of ABAG Administrative Committee Summary Minutes of February 2, 2015**
- iii. Adoption of Resolution No. 01-15**

5. FINAL DRAFT MTC PUBLIC PARTICIPATION PLAN

ABAG Administrative Committee Information / MTC Planning Committee ACTION

Brad Paul, ABAG Deputy Executive Director, and Ellen Griffin, MTC Public Information Officer, reviewed comments received on the Revised Draft Public Participation Plan (PPP) which was released for public review on November 7, 2014, described revisions in response to comments, reviewed the public outreach process, and requested referral of the Plan to the full Metropolitan Transportation Commission for approval.

Ms. Ellen Griffin summarized the comments received on the Preliminary Draft 2015 Public Participation Plan and described the revisions in response to comments. She also presented a handout to incorporate the names of the different transit operators that receive federal funding through MTC's Program of Projects. She requested the Planning Committee forward MTC Resolution No. 4174 to the Commission to adopt the final MTC 2015 Public Participation Plan.

Mr. Brad Paul, ABAG, expressed their support of the Draft 2015 Public Participation Plan and noted that ABAG has been working closely with MTC staff on the outreach activities related to the Plan update.

Commissioner Spring called for public comment.

Public Comment:

Mr. Duane DeWitt spoke in support of a good outcome for the City of Roseland neighborhood in Santa Rosa. He noted that over the years it has become a Priority Development Area, but the City of Santa Rosa is not focused on the neighborhood and its qualities, but instead at the complementary funding. He requested that MTC and ABAG get the City of Santa Rosa's attention to have them abide by what they are supposed to do to achieve Plan Bay Area goals.

Ken Bukowski stated that providing video for committee meetings is an important piece of public participation, and requested staff to accommodate this by providing a link to his site.

Committee discussion:

Commissioner Spering asked how staff can customize these meetings in the local jurisdictions. Ms. Griffin stated that staff is talking with the CMA Planning Directors and there is agreement that they will be participating in the meetings that staff will have in May. There is discussion about an open house format. Staff wants to work with the CMAs on the transportation piece and partner with localities on the local land use.

Commissioner Spering requested that staff contact the ABAG representative of each county so they are in the loop as to what the planning process is with the CMAs.

ABAG member Mar expressed his support for the Public Participation Plan.

ABAG member Eklund noted some internal inconsistencies between the narrative and Attachment B. Ms. Griffin stated that on Page 32 there are a few places where the text in the roles and responsibilities are inconsistent with what is in Attachment B. Staff will make sure that Attachment B is consistent with what is in the text.

ABAG board member Eklund requested staff to agendaize a discussion on the more detailed implementation strategy that will help guide them on how to engage the public.

ABAG board member Gupta suggested a more formal approach specifying how the local comments are included, or not included, as well as the data and references that could be useful to that local jurisdiction. Performance monitoring is a very important aspect of the plan.

Commissioner Pierce responded to ABAG board member Gupta's comments and noted that that level of specificity may not need to be part of the Public Participation Plan, but it certainly should be part of the strategy going forward to develop the final Plan for the 2017 adoption.

Commissioner Mackenzie noted that this Public Participation Plan represents a joint agency approach. He also commented on Page 19, ABAG's Delegate Meetings, and requested that MTC staff be represented at those meetings.

Commissioner Campos asked when the Equity Work Group will be convened, and secondly how/when will staff reach out to non-english speakers. Mr. Kirkey stated that the Equity Working Group is slated to reconvene in the spring. Ms. Griffin stated that staff recently released a proposal seeking assistance from groups who work in low-income communities and communities of color to assist staff in reaching out to them. She noted that staff has partnered with CBO's in the past.

Commissioner Haggerty stated that it is not convenient for the public to be at the meetings on a weekday, and asked staff if there is a way to push more of these meetings towards the evening time. Ms. Griffin stated that all meetings that were held for the general public regarding the plan have been in the evening or on Saturday. In terms of MTC and ABAG committee meetings this is a larger decision beyond the scope of the Draft Public Participation Plan. Commissioner Haggerty suggested that when there are very distinct criteria that may affect people and will be discussed at a meeting, then staff should use their judgment and, when possible, schedule that particular meeting in the evening.

Commissioner Spring commented on the response from staff regarding a comment about MTC's composition, and suggested expanding on that response to note the process at the local level to appoint Commissioners.

Commissioner Mackenzie moved approval to forward MTC Resolution No. 4174 to the full Commission for adoption. Commissioner Aguirre seconded. Motion passed unanimously.

President Pierce recognized a motion by Dave Rabbitt, Supervisor, County of Sonoma, which was seconded by Pradeep Gupta, Councilmember, City of South San Francisco, to approve the final draft MTC Public Participation Plan.

There was no discussion.

The aye votes were: Cortese, Eklund, Gupta, Haggerty, Harrison, Mar, Pierce, Rabbitt, Spring.

The nay votes were: None.

Abstentions were: None.

Absent were: Luce, Pine (Alternate).

The motion passed unanimously.

6. PRIORITY DEVELOPMENT AREA CRITERIA

ABAG Administrative Committee ACTION / MTC Planning Committee Information

Ken Kirkey, MTC Planning Director, and Mark Shorett, ABAG Regional Planner, presented the criteria used to establish and refine the Bay Area's Priority Development Areas (PDAs).

Mr. Ken Kirkey stated that this presentation is a follow up on a discussion at the ABAG Executive Board where the transit criteria and other criteria for Priority Development Areas (PDAs) was discussed. The Board is seeking MTC's input on that criteria, and will then adopt the PDA criteria and any changes they might consider. He introduced Mr. Mark Shorett, ABAG, who presented the criteria used to establish and refine the Bay Area's PDAs.

Committee discussion:

Commissioner Haggerty stated that he is aware of places where people are walking one mile to a BART station in a community that is thriving, but one of the things the report missed the most is those who are biking. He asked if this is at odds with ABAG's understanding of the ½ mile, where the PDA criteria would apply.

Commissioner Wiener asked what the experience has been in terms of where the PDAs should be in terms of who is coming forward and volunteering. Ms. Chion stated that some of that analysis is done in the PDA investment and growth strategy report. She also noted

that there are very few areas that will be left for PDA consideration in terms of transit accessibility, but it is a combination of the transit component, the existing infrastructure as well as the desire to produce housing in those locations. Commissioner Wiener requested a list of any BART or Caltrain stations that are not PDAs.

Commissioner Aguirre noted that many cities had PDAs before it was popular, and there will be many cities that will never have PDAs and will never reach their RHNA numbers because of their geography where there is no place to build near the transit station.

ABAG Committee member Eklund asked why a community could not be given the flexibility to have a PDA that is a mile radius if in fact that particular community would like to have a PDA that large. Ms. Chion stated that the intent of the PDAs is to link access to transit, and access to alternative modes of transportation with housing. The criteria of ½ mile is supported by the research in terms of how far people walk or bike, on average, and make the effort to shift from car to transit.

Commissioner Azumbrado stated that as staff looks at 2040 and the number of low-income individuals, there will not necessarily be a choice in terms of what the walking abilities are.

Commissioner Mackenzie stated that a 180 acre PDA in Rohnert Park qualified due to the geography of the railroad tracks – the main east/west arterial Rohnert Park expressway.

Commissioner Pierce stated that it's all about local control to have a PDA. If a PDA is to qualify for the incentive funding, then it has to have the PDA within ½ mile of transit. She supported this criteria.

Commissioner Giacomini stated that it's important to keep in mind that the work force is getting older and the ability of people to walk long distances and bike will be significantly different for workers in their 20's and 30's then it is for workers in their 50's and 60's.

ABAG Committee member Rabbitt encouraged staff to maintain the flexibility with the ½ mile radius.

Commissioner Liccardo commented on the description of how the definition near transit changed in 2010, and asked about the number of PDAs that were grandfathered and don't meet the newer 2010 definition. Ms. Chion stated that based on the analysis most of the PDAs would qualify under the 2010 definition.

Commissioner Bates stated that the walkability issue around transit is extremely important. More young people are not getting a driver's license because they do not need or want a car.

Commissioner Worth stated that PDAs will have different characteristics in urban and suburban PDAs and she hopes that staff will continue to look at the requirements for the bus service because those are very flexible.

Public comment:

Mr. Duane DeWitt stated that vehicle miles traveled and people using their private vehicle are increasing in the Roseland PDA. There will not be a change unless the planning department increases density in the area.

Mr. Mark Green stated that BART mentioned that they had their own research showing that in terms of rental income, leasing income, and even attached sales on the resale value that with the ¼ mile radius at many of their stations they are getting double digit increases. It

starts to decrease after the ½ mile radius. As BART expands, and in terms of housing and transportation, there should be some nexus that both ABAG and MTC should be looking at. If BART is producing greater income for the landlords and developers of those areas, it's worth looking how to tap into that revenue stream.

President Pierce recognized a motion by James Spring, Supervisor, County of Solano, which was seconded by Dave Cortese, Supervisor, County of Santa Clara County, to recommend to the ABAG Executive Board retaining the current Priority Development Area criteria without modification.

There was no discussion.

The aye votes were: Cortese, Gupta, Haggerty, Harrison, Mar, Pierce, Rabbitt, Spring.

The nay votes were: Eklund.

Abstentions were: None.

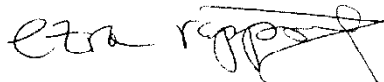

Absent were: Luce, Pine (Alternate).

The motion passed.

7. PUBLIC COMMENT / OTHER BUSINESS / NEXT MEETING / ADJOURNMENT

The meeting was adjourned at about 11:13 a.m.

Submitted:

Ezra Rapport, Secretary-Treasurer
